

PVC PASTE RESIN

Model	Average polymerization degree	Brookfield viscosity (mPa.s)	K Value	Technical process	Application
P450	1000±150	7000	62-68.5	Emulsion	Clothes leather, imitation leather Car leather, wall paper, tent fabric, medical gloves, red paste PVC resin, toy manufacturer and wire coating layer.
P440	1450±200	5000	71-78		Clothes leather, imitation leather Car leather, fiberglass, tent fabric, medical gloves, conveyor belts, toy manufacturer and wire coating layer.
R-1069	1800±300	5000	75.5-86		Conveyor belts
PR-457	800±100	3000-4500	57.3-62.9		Special-purpose for Wallpaper.
PR-500	1500±100	37000	73.8-77.5		High rate foam leather products for automobiles.
PR-415	1450±100	6000-8000	72.9-76.6		Coating molding、Rotational molding、Soft or hard doll、Toys、Boots、Bicycle parts、Canvas and Sports equipment etc.
PR-640	1200±100	9,000cps	70		foaming, solid rug backing, fabric coating, adhesives, metal coating, automotive underbody coatings, seam sealants, etc.
PR-1500	1,500±100	8,000cps	75		compact films and chemically foams as to surface and foam layer of leather. It also has been widely applied to various chemical foaming products such as artificial leather, especially for automotive accessories.
PB1152	900-1150	6000-10000	68	ATO	Labor Gloves, wallpaper, yoga mats.
PB1156	900-1150	3000-6000	66		Flooring Leather, wallpaper, coating.
PB1302	1100-1350	3000-5000	70		Flooring leather, wallpaper, coating, imitation leather, furniture, toys, shoes, car interiors, insulation materials, metal coatings, mining conveyor belt, fire-retardant conveyor belt, plastic, dip, rotational molding, plastic drop, roll coatings, adhesives.
PB1704	2050-2420	3000-5000	82		flooring leather, coating, plastic, dipping, mine conveyor belt.
PB1202	900-1150	3000-7000	67		Wallpaper, floor covering, coating, adhesive, rotational molding, dip, Slush molding.
PB-1702	2050-2420	3000-5000	82		Floor leather, coating, plasticsealing, impregnation, mining conveyor belt.
